Product Roadmapping Helper

Milestone 1 Milestone 3 Milestone 4 Milestone 5 Milestone 2 Milestone 6 **Targets** Targets are the stakeholders who will benefit from the milestone release. **Features** Features define the behavior of the milestone release: what will your platform do for this release? Goals/KPIs Quantifiable desired business outcomes that can be measured and tracked. Change Management Change management outlines impacts to existing stakeholders.

Each milestone release is an iteration of the platform - one milestone builds towards the next
